ARP Online social

It's been a very quiet time here, a little bit like the weather at the moment which is calm but misty with a one or two bright days mixed in. A bright bit, though, was created on the 20th when we held our first ever Online Social.

Thirty two people joined us on Zoom and it was so good to see you all - eventually! Thank you for your kind donations. Sorry that one or two of you, for different reasons, weren't with us. One or two issues saw blank or frozen screens but eventually we were all there. Peter ran through our first four years and Sheila gave an update on what had or had not happened during the year.

Some of our pottery finds from 2019 were shown, these have only recently been found during the marking that was taking place on Tuesday morning and now curtailed again. All from the Kiln Field, one shows three pieces which join!
