

The ARP ACTA

Aylsham Roman Project Newsletter

Vol 5 Issue 2 December 2020

December,
the last month of a strange year but with
some hope for the future.

December weekends

That hope was shown during the Saturdays and Sundays we were able to put up our table at Woodgate Nursery. How great it was to see ARP Friends come by and say hello, customers to the Nursery and cafe stop and put some money in the pot and to welcome a new ARP Friend who lives in Reepham - thank you for joining us and we look forward to seeing you in the summer.

Council for British Archaeology

We were delighted to be invited by the CBA to write a blog for them about what we had been doing during these months since lockdown. It can be found on their blog page by copying and pasting this link.

Owlbert was overjoyed to meet up with some of you too, sorry that he did not work on all your devices and thank you for trying! Some of those are shown here, hope they make you smile.

From everyone here in ARP, to all of you out there: wherever you are, whatever

you are doing,
take care, keep safe,
keep warm, keep hope,
keep smiling
