

The ARP ACTA

Aylsham Roman Project Newsletter

Vol 8 Issue 3 2024

Do hope everyone has survived the strong winds the new year has brought. Trees down at Woodgate but everyone safe.

Happy New Year

Aylsham Show Charity Funding

We were really pleased to once again receive money from the Aylsham Show. 55 groups received a share and it was an interesting evening listening to how the different groups would be spending the money.

Ours will go on training and getting the great gear we have set up to start our soil filtration project. More on this as the year moves on and the weather gets milder as a lot of cold water is involved!!

Courses

Many thanks to ARP Friend Penny M for sending this link advertising a variety of courses she thought some of you might be interested in from Future Learn.

Copy and paste this link to access.

Shelving

Absolutely delighted to say the first part of our shelving for the portcabin has been erected.

The Shelf Builders, Colin, George and Ralph, came on Tuesday and, with the help of Bodie the dog, worked out what went where! The end result was this - great job, thank you very much.

August 2024

It was great to have a visit this week from Martin and Dan - Britannia Archaeology - who will again be leading our dig. We now have most of the details for the summer. Make sure to look out for our February newsletter which will have full details on how to get involved this year.

Did you know?.....Did you know?.....Did you know?.....

An archaeologist will date any old thing, so be careful where you stand!
