

The ARP ACTA

Aylsham Roman Project Newsletter

Vol 8 Issue 5 March 2024

Welcome to the March edition of our newsletter.

Friends

Fifty of you have already signed up as a Friend this year and we know many others of you have standing orders set up during the next couple of months. Thank you so much, with no payment to participate this year and still having to pay for our professionals to support us, this is really appreciated, plus the very kind donations that are being sent as well.

Great to see people in the Nursery last month, weather permitting we will again set up so you can come and see us. An email and Facebook post will alert you to when we will be there.

Bure Valley School visit

Always good to visit this Aylsham school, this year was no exception. Thank you to the Year 4 staff and children for a great hour and these lovely photos of smiling, excited children.

Watch the Birdie 2024

Delighted to say that a pair of blue tits are again building a nest here in Aylsham. Belinda and Bartholomew Blue Tit, known to friends as Bel and Bart, have been busy over the last couple of weeks. Many of you have watched the live feed from YouTube and this will again be available shortly as it looks like the nest is nearly ready for egg laying to begin. Live link will be posted on Facebook, if you miss it, search for Sheila Denny YouTube and look for the red Live link. How many will there be this year?

Dates for your diary...Dates...Dates for your diary...

Woodgate Garden Show, Saturday & Sunday June 8th & 9th. Some of you are already asking if we will have a book sale. The answer is yes, please look out for books we could sell. Plus we will again run our great tombola, so please start looking for anything suitable you could donate to make this another success.

Did you know?.....Did you know?.....Did you know?.....

Romans produced a syrup by boiling unfermented grape juice, but as it was boiled in kettles made of lead alloys, this produce a toxic compound. Known as Sapa, it contained lead levels 200 times higher and we accept today.

Have a good Easter everybody
